

## The Impact of CVS Health in America

About 5 million Americans walk into a CVS Pharmacy for prescriptions, health services and guidance every day, making us the front door to health care in 10,000 communities across the country.

### High-Quality & Affordable Care in the Community

At **CVS Health**, we recognize the importance of helping patients access the medicines and care they need and can afford without sacrificing quality. We're delivering personalized tools and solutions that put patients at the center of their health care.
